Local First Nation discount and partnership.

At North Coast Backcountry Guides, we have a keen interest in learning about the history of the land and the traditions of the people who lived here for millennia before us. We would like to learn more and we believe that this can be done by building relationships and partnerships. Skiing in the mountains is a beautiful and contemporary way to discover the vast land in which we all live. We would like to share our skills and competencies with anyone who would like to share their knowledge of the land and traditions with us. Get in touch with us to talk about potential partnerships. If skiing is your only desire, we offer a **10% discount on any of our products.**
